The 19th International Conference on Flexible Automation and Intelligent Manufacturing (FAIM 2009) will be hosted by the University of Teesside in Middlesbrough. Middlesbrough is in the North East of England and in the heart of some of the most scenic areas in the Yorkshire moors, and just 15 miles away from Durham Tees Valley airport.

The theme of FAIM 2009 is Lean Manufacturing and Services. Economies, information and technology have become global and many companies are outsourcing and developing extended enterprises.

This has led to the development of the manufacturing organisation from an insular factory based system to a global network of cost driven systems. Underpinning this is the need to enhance the service, technology, processes, and design methodologies that increase competitiveness.

Keynote speakers of international repute, many are successful industrial practitioners, will address the concerns, trends, and best-practice solutions, in sustainable enterprise, catering for large and small to medium sized enterprises (SMEs).

The conference will bring together international experts to the UK to promote greater research interest in the following areas:

Bio-Engineering and Biomechanics

Business Process

Re-Engineering, Lean and Agile Manufacture

Business Intelligence in Manufacturing/Services

CAD/CAM Flexible Manufacturing/CIM

Engineering for Sustainability
Environmental Health & Safety Engineering

Enterprise Knowledge Management

Global Manufacturing & Supply Chain Logistics

Human Factors and Human Resources in Manufacturing

Industrial Automation and Process Control

Industrial Engineering and Operations Management

IT and Internet Applications

Manufacturing Mobility

Manufacturing Processes and Technology

Nanosciences and Nanotechnologies in Manufacturing

Product Design/Design for Manufacture/Assembly

Process Engineering

Process Engineering Product Development, Rapid Prototyping, Concurrent Engineering

Service Design, Operation and Innovations

Simulation, Manufacturing Systems and TQM

Other Allied Topics

Submission of Abstracts

Authors must submit an abstract in English of approximately 300 words by email or via the website. Abstracts will be reviewed and the corresponding author notified of the outcome. Authors of accepted abstracts will be asked to furnish an electronic copy-ready version of the full paper. All submitted papers will be peer reviewed, and at least one author must register in order to have the paper published in the proceedings. A maximum of two papers per author are permitted. For full paper submission please follow instructions on the website www.faim2009.org.

Registration Fees

Presenting author:	£375
Co-author:	£375
Delegate:	£375
Research student:	£300
One day attendance:	£250
Late registration:	£450

The full registration fee will cover all conference sessions, a hard copy of the proceedings, refreshments, lunches, the conference barbeque and banquet. A welcome reception will be held on the evening prior to the first day. The student registration fee will cover all sessions of the conference and a CD-ROM of the proceedings.

Cancellations after the last date of registration (21 April, 2009) will result in a publishing fee of £300.

Proceedings

After reviewing, all accepted papers submitted by 21 April will be published in the proceedings.

Accommodation

Special conference rates for accommodation are available for all participants and accompanying persons. Please refer to the conference website.

Important Dates

Abstracts

Latest date for abstract:
21 November 2008
Notification of acceptance:
12 December 2008

Full Papers

Latest date: 28 January 2009
Notification of paper acceptance (corrections):
30 March 2009

Registration for Publication

Latest date: 21 April 2009

19th International FAIM Conference;
Lean Manufacturing and Services

6 - 8 July 2009, Middlesbrough, UK

- I am interested in attending FAIM 2009 as a delegate
 I enclose an abstract for FAIM 2009
